## PROFILE

Hello there! I know you're busy so **here's my story in one sentence** : Your company stands out to me; I am a self taught Front End Web Developer currently transitioning from a career in engineering to software-engineering; I am enthusiastic about all things JavaScript and excited about the potential of React.

## SKILLS

- **Key Skills:** React.js, React Router, JavaScript (ES6), HTML5, CSS3.
- **Responsive Design:** CSS Grid Layout, Flexbox, Bootstrap 3 & 4.
- **Version Control:** Git/GitHub.
- **Libraries/Tools:** Jasmine, Gulp, jQuery, Service Worker, Chart.js, Google Maps API, fetch API
- **Accessibility:** ARIA, A11Y, Lighthouse.
- **Software:** Photoshop, ArcGIS, qGIS, AutoCAD, Verm5.
- **Currently Learning:** Redux, React Context API, Node.js, Phaser 3.

## PROJECTS

**Flickr photo Plotter:** An application that uses the geolocation metadata from Flickr API to plot photographs on the map based on the location that the photo was taken.

**myReeds:** A bookshelf app that allows you to select and categorize books you have read, are currently reading, or want to read.

**Matching Game:** A simple matching game build with JavaScript.

## PROFESSIONAL EXPERIENCE

Municipality of Komotini - Directorate of Technical Services

*Komotini - Greece*

**Surveying Engineer**

*Apr 2017 - Dec 2018*

- Coordinated and led a team of four engineers to perform preliminary and as-built surveys of public spaces including public squares, parks, roads, playgrounds and Historical Buildings.
- Produced maps of the surveyed areas.
- Updated and maintained municipality's internal GIS System.

Topographic Service of the Hellenic Ministry of Rural Development

*Komotini - Greece*

**GIS analyst**

*Dec 2015 - May 2016*

- Set up a publicly accessible GIS system depicting property boundaries and ownership data of the land issued by H.M.R.D.
- Merged and analyzed more than 950km<sup>2</sup> of spatial data referring to property boundaries and ownership data issued by H.M.R.D.
- Identified more than 160 land parcels that had inconsistencies with National Cadastre.

## EDUCATION

- Front-End Web Developer NanoDegree (part of the Grow with Google Scholarship). Udacity, Feb 2018 - Aug 2018.
- Google Developer Challenge Scholarship. Udacity, Nov 2017 - Feb 2018.
- BSc in Geoinformatics and Surveying Engineering. Technological Educational Institute of Central Macedonia, Greece 2003-2009.
